

HEAVENPRENEURS STRATEGIC PRAYER GUIDE

It's important when beginning a prayer ministry or intercessory group, to solicit people who have a personal relationship with Jesus and a heart for intercession; they should have a higher degree of maturity in traits of love, service and humility.

Team members should be fluent in operating in the Holy Spirit's manifestation gifts: tongues, wisdom, discernment, words of knowledge, etc.

Team(s) of 3 people minimum, should be developed for the four categories of intercession listed below.

Team leader(s) or designated scribe, should keep a journal of petitions, prayers, prophetic-insights, proclamations, and praises to answer prayers each time they gather.

Team members should come prepared before gathering with clean hands and a pure heart; so that, they are not hindered as instruments of righteousness on behalf on the person or company they are standing in the gap for.
